Invitation Letter

National Neurotrauma Society of India is proud to announce 23rd Annual National Neurotrauma Conference to be held from 29th to 31st August 2014 at Mussoorie located about 35 km. from the state capital of Dehradun. The previous conferences were each a sell-out success with significant delegates satisfaction. Invited speakers, delegates, scientific presenters and sponsors have all confirmed it to be unique and world-class meeting of Neurosurgery and alliance fraternities together addressing trauma at a common platform.

The 2014 conference program will journey through tremendous development in the fields of pre-hospital care, trauma patient management including rehabilitation, once again reflecting important areas in clinical practice and scientific research, focusing on identifiable and modifiable factors in trauma management.

Once again, an impressive line-up of National and International faculty of neurosciences and researchers will be invited to explore the conference motto of effective trauma patient management.

Mussoorie-The Queen of the Hills with its green hills and varied flora and fauna, is a fascinating hill resort. Commanding snow ranges on the north-east and glittering views of the Doon Valley and Shiwalik ranges in the south, spread over a ridge, 2000 meters above sea level, Mussoorie offers distant views of the holy and mighty river Ganga from one end of the ridge, and of the famous river Jamuna from the other.

The Conference has been designed to provide an innovative and comprehensive overview of the latest research developments in neurotrauma. The scientific programme of the conference includes live operative demonstrations, symposia, orations, guest lectures free papers and poster sessions.
